

September 2017

Dear Parent/Carer,

### Fire Evacuations

Over the past three weeks, we have been in the unfortunate position of having several fire evacuations, most of which have been malicious in nature.

Clearly, these incidents have a negative impact on learning, cause a great deal of disruption around the school and place a significant added pressure on the emergency services who are automatically called to attend such events.

I want to reassure all parents that, for each individual occurrence, a great deal of time and effort has been taken to identify the pupils who have been involved and we have dealt with them appropriately.

Young people in the main have been extremely well behaved and patient in responding appropriately to these events.

Through interviewing pupils and reviewing CCTV footage, we believe two of the alarms were in fact accidental in nature. We have asked the fire detection system provider to test our smoke detectors as they may be overly sensitive.

To help ensure no further alarms are triggered in an accidental manner, I have reminded all young people that they are only permitted to spray deodorants and body sprays in the changing rooms or in the playgrounds.

Next week, the Fire Brigade will run Assemblies with all year groups, to raise awareness of dangers, and consequences, of false alarms.

Yours sincerely

Mr Barry Millar  
Head Teacher
