- Harris pupils start their application in August. This process begins during their PHSE class and builds on their knowledge from their previous years research into career options.

PHSE-reflective thoughts

It is important to think about your son or daughter's choices and the interests they have in that subject area.

Are they going to meet the minimum grade required by the university?

Do they require to sit any entrance exams?

What are the deadlines?

School Process

Pupils begin filling in their UCAS applications under the guidance of their PTG.

Their Guidance teacher will ask them to apply to a course they aspire to **and** a similar course that may require lesser grades.

Pupils can choose 5 courses. Some course applications have dates which are prior to January.

References are academic and are usually written by their PTG.
