

Use the circles to help you with your learning

☺ I know this well

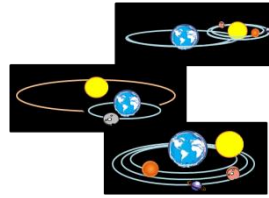

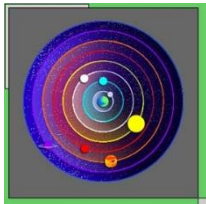

☹ I know this a bit

☹ I don't know this yet

I know that there is a family of electromagnetic waves beyond visible light that includes Radio & TV, Microwaves, Infra-red, Ultraviolet, X-rays, Gamma rays.

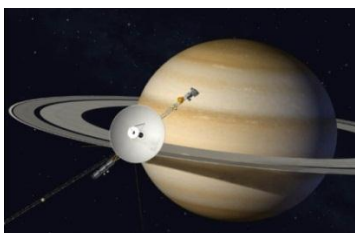

I know that human civilisation has developed ideas about the universe over a long period of time. (Ptolemy, Copernicus, Galileo)

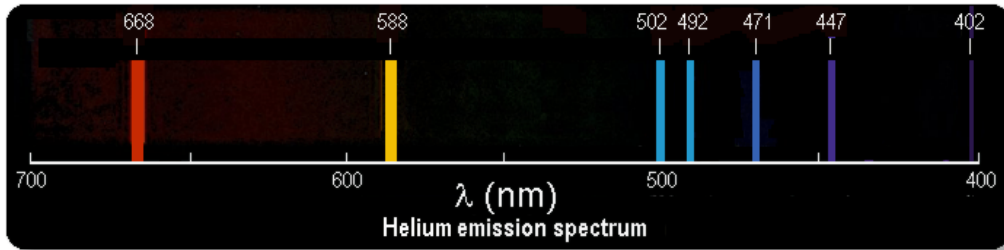

I "may" know what space telescopes are used for (e.g. the Hubble telescope)

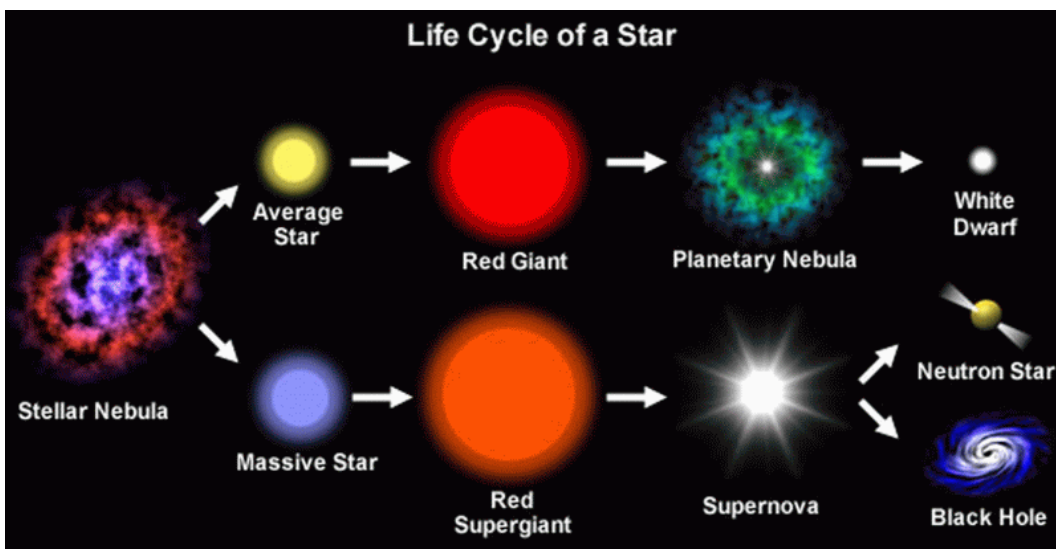

I know how probes are used to explore the solar system (e.g. Voyager probe, Mars probe)

I know how to identify the gases which make up a star

I know about the life cycle of a star

I "may" know about the 'Big Bang' theory (evidence and problems)
