

Harris Academy

Community Garden

We are starting a new garden project in the school grounds and would like anyone from the surrounding community to become part of it.

We would welcome people with lots of gardening experience as well as those who have yet to discover their green fingers.

If you would like to know more about this project or would like to take part, please contact Elaine McLagan (Chemistry Department) 01382435714 or email: ddemclagan66@glow.sch.uk
