

## Changes to assessment in Higher courses from session 2018-19 onwards

The following tables provide a high-level overview of the changes to assessment for each Higher course. More detailed information on these changes can be found on the Higher subject pages of our website at [www.sqa.org.uk/nqsubjects](http://www.sqa.org.uk/nqsubjects)

<b>Accounting</b>	<p><b>Yes</b></p> <p>The assignment will increase by 10 marks and will now be worth 60 marks. Candidates will now be required to complete the assignment in one sitting and the completion period will reduce from 3 hours to 2 hours 30 minutes.</p> <p>The assignment topics will now be issued in January each year.</p>	<p><b>Yes</b></p> <p>The question paper will be extended by 20 marks, to 120 marks. Section 1 will increase by 40 marks and will now include two 40 mark questions. Section 2 will decrease by 20 marks and will now include two 20 mark questions.</p> <p>The exam time will increase by 30 minutes to 2 hours 30 minutes.</p>	<p><b>Marks</b> Question paper: 100 Assignment: 50</p> <p><b>Weightings</b> Question paper: 67% Assignment: 33%</p>	<p><b>Marks</b> Question paper: 120 Assignment: 60</p> <p><b>Weightings</b> Question paper: 67% Assignment: 33%</p>	<p>Extending the question paper will allow more skills, knowledge and understanding to be sampled, following the removal of units from the course.</p> <p>The changes to the conditions of assessment in the assignment will increase the reliability of the assignment.</p> <p>At present, the assignment topics are issued in September and our findings have shown that this encourages many centres to focus on teaching the assignment topics. As the assignment topics are not covered in the question paper, this can lead to a discrepancy between the assignment mark and the question paper mark. Issuing the assignment topics in January should help to address this.</p>
<b>Administration and IT</b>	<p><b>No</b></p> <p>There will be no change to the assignment task. The assignment will now contribute to 58% of the overall marks available for assessment.</p>	<p><b>Yes</b></p> <p>Section 2 of the question paper will be extended by 20 marks. The question paper will now be worth 50 marks. There will be no change to Section 1.</p> <p>The duration of the exam will increase by 30 minutes to 1 hour 30 minutes.</p>	<p><b>Marks</b> Question paper: 30 Assignment: 70</p> <p><b>Weightings</b> Question paper: 30% Assignment: 70%</p>	<p><b>Marks</b> Question paper: 50 Assignment: 70</p> <p><b>Weightings</b> Question paper: 42% Assignment: 58%</p>	<p>Extending the question paper will allow more skills, knowledge and understanding to be sampled, following the removal of units and unit assessments from the course.</p>
<b>Art and Design</b>	<p><b>Yes</b></p> <p>As with National 5, the portfolio will now be split into two separate portfolios; one for expressive and one for design. The portfolios will now demonstrate a complete creative process – investigation and research, the development of one idea, a final outcome and evaluation. Each portfolio will now be worth 100 marks each.</p>	<p><b>Yes</b></p> <p>The question paper will be revised to sample more broadly from across the course. Each section will contain six questions: one mandatory and five optional. The mandatory questions will assess candidates' knowledge and understanding of art and design work studied during their course. The optional questions will represent a range of expressive genres, styles and processes and design areas. There will be no change to the duration of the exam.</p>	<p><b>Marks</b> Question paper: 60 Portfolio: 160</p> <p><b>Weightings</b> Question paper: 27% Portfolio: 73%</p>	<p><b>Marks</b> Question paper: 60 Expressive portfolio: 100 Design portfolio: 100</p> <p><b>Weightings</b> Question paper: 23% Expressive portfolio: 38.5% Design portfolio: 38.5%</p>	<p>The optional image questions of the question paper will cover a wider range of expressive processes and design areas. This will allow candidates more personalisation and choice. By attempting one mandatory and two optional questions in each section, the question paper will effectively assess candidates' ability to apply their knowledge and understanding in different contexts.</p> <p>The portfolios will be extended by 20 marks to allow more content to be sampled following the removal of units.</p>

Removing the discrete 'research' and 'write-up' phases, during the recommended 8-hour completion period, will allow candidates more flexibility in completing each phase of the assignment and also reflects business practice.</p> <p>Replacing the page count with a maximum word count will ensure all candidates adhere to a consistent standard of reporting and will also enable candidates to integrate graphs and tables within the body of their report.</p>
<b>Care</b>	<p><b>Yes</b></p> <p>The project will now be worth 90 marks and have more of a focus on the practical application of care and allow candidates to focus on their individual and their particular needs.</p>	<p><b>Yes – New question paper</b></p> <p>A new question paper will be introduced that assesses candidates on the theoretical aspects of the course.
