Times and Entrances

S4 pupils should arrive at school **10 minutes before the allocated start times** to ensure classes are ready to start on time.

All S4 young people should enter the building via **the Plaza (Clock Tower) entrance**.

Young people should not come to school before the times stated above and also make every effort to be on time.

Our plan to communicate the specific times our young people will be in the building

Over the course of the day tomorrow (Thursday), all parents/carers and young people will receive an email indicating the times that our pupils should attend the building for classes. As well as our fantastic office staff completing this task, many staff from across the school have volunteered to help in sending, what will be over 1000 individual bespoke emails, home at the end of the school day and into the evening.

Please be patient, as you may not receive your email up until 6pm on Thursday.

If you do not receive the email by Friday morning, we will also post the information:

- On our website
- On your / your young person's Social Education class' Microsoft Team

If, after looking through the arrangements you still have any queries, please contact the school office **on Friday**. Avoiding calling on Thursday will allow staff time to focus on sending all of our families their email.

College courses

Young people who attend Dundee & Angus College-based Senior Phase courses will receive a separate email related to if/when they are to attend the college.

Regards,

Barry Millar
